## FRIENDS OF THE RIVERFRONT

Through intense collaboration with community partners, government officials, and a diverse volunteer base, our rivers and riverfronts have been transformed from industrial wastelands to international examples of environmental renewal. Whether you bike, hike, rollerblade, or paddle along our beautiful shores, we encourage everyone to take advantage of these assets.

This month, in moving ahead of schedule, the temporary trail path has been completed already! The temporary detour runs parallel to the construction zone thus giving a great view of the progress as it is being made.
