

# Hazelwood to Carrie Furnace Trail Connection

Future Segment of the Three Rivers Heritage Trail  
AUGUST 2024

**Duck Hollow Trail**  
This trail segment is in a natural setting along the river and is currently disconnected from the Three Rivers Heritage Trail network

Replace Melanchton Street bridge with accessible bike/ped bridge

Duck Hollow Trail (existing)

Rankin Hot Metal Bridge (future bike/ped connection to Great Allegheny Passage)

Turtle Creek Connector

**Neighborways**  
Neighborways are low-traffic streets that prioritize pedestrians, bicyclists, and other non-vehicular traffic and offer a safer, more comfortable alternative to busy arterial streets.

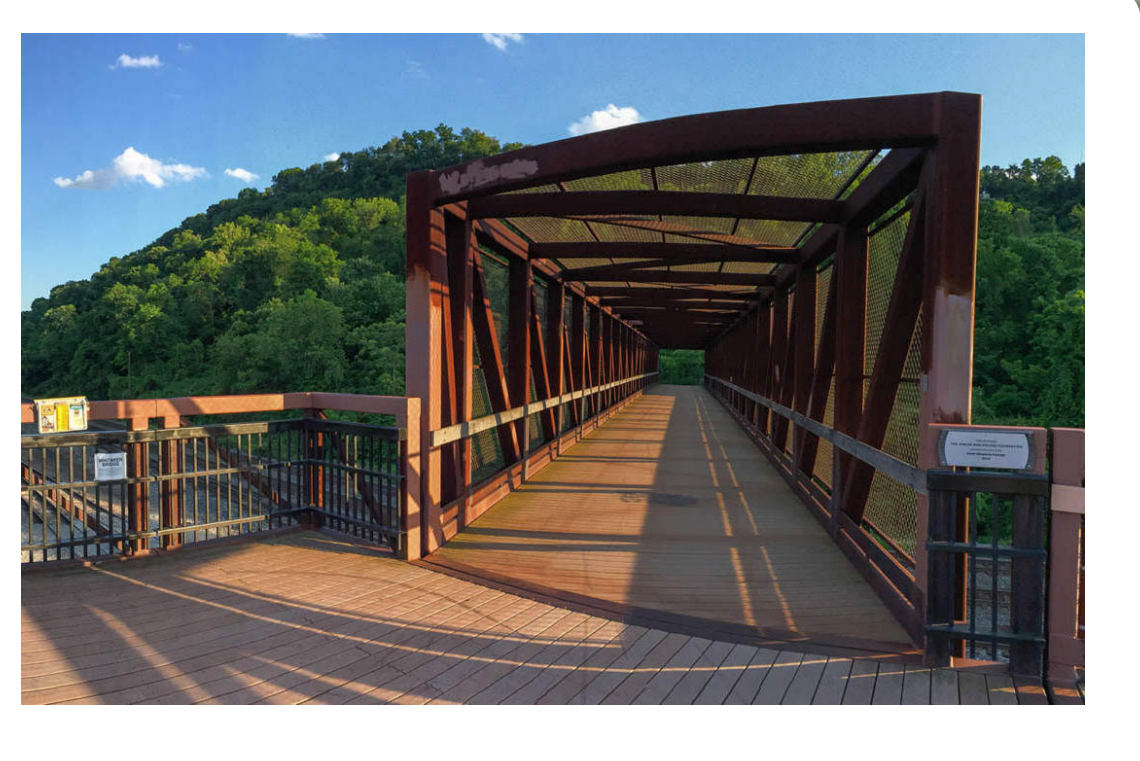

Bike/Ped Bridge Crossing to Duck Hollow Trail (across railroad tracks)

**Port Perry Bridge**  
Example of an elevated bridge along the Great Allegheny Passage

**Hot Metal Bridge**  
Example of a bicycle/pedestrian bridge and ramps in the City of Pittsburgh

**Whitaker Flyover Bridge**  
Example of an elevated bridge along the Great Allegheny Passage

**LEGEND**

- Existing Duck Hollow Trail
- New Trail
